Men and women of America, there is much work to be done. If you hate injustice and tyranny, if you love liberty and beauty, there is work for you. If oppression rouses your indignation, and the sight of misery and ugliness makes you unhappy, there is work for you. If your country is dear to you and the people your kin, there is work for you. There is much to be done.

Emma Goldman, Last Message to American People, Ellis Island, December 1919

There is indeed much work to be done!
